★ People's choice

JPY 80,000 Scholarship

One recipient from each division
(Japanese and English)

*In addition to the above, several video presentations will be selected for a Sponsor Award

What's the "Home for Innovative Researchers and Academic Knowledge Users (HIRAKU)" Program?

The HIRAKU Program is operated by Hiroshima University as the Lead Partner Organization, Yamaguchi University and Tokushima University as the Co-Partner Organizations. HIRAKU develops young researchers with cross-disciplinary challenges, which will eventually enhance their aspiration and passion to change society. The Program forms the industry-academia-government consortium, engaging public and private universities mainly located in the Chugoku and Shikoku regions, as well as a growing number of institutions/corporations in public and private sectors, aiming to increase opportunities to leverage exceptional competencies of young researchers, who will lead future generations.
